“ *This is a year late but I just became aware. I went to high school in Henning with Bruce many years ago. I remember him as such a nice guy with a generous and caring heart. I wish I had had the opportunity to visit with him again.*

I feel terrible that I wasn't able to come and see you before you passed and even sorrier that I couldn't attend your service. You have always been a wonderful part of my childhood memories and you will be sorely missed by all of us. Love you!

“ Uncle Bruce, you could always make me laugh. You always had a great response to stories or situations. I remember a particular visit when I was a teenager. My mom, both of my sisters, and myself were in our kitchen and you were trying to talk to us but we were all so busy with our own conversations that nobody was paying attention to you. That is until I noticed you had turned around, faced the wall, and finished your conversation with the wall. So funny!

*I have enjoyed getting reacquainted with you these past several years. You will be missed.*

“*Bruce. My Bruce. My Brother. My heart is broken. Words can't describe the depth of loss I feel at your passing. Although I have a lifetime of happy memories of you, (who can forget all the singing we did, the jokes, the laughter), the world now is a much sadder place without you. You'll always be in my heart. Save a spot for me up there.*

*With love, your sister, Cheryl*

“*Bruce Johnson, a family friend from Almora, Minnesota has passed away. It was so fun growing up in a small town and knowing everyone. The big kids let us little ones tag along. Bruce's sister Colleen and I were the youngest and were good friends. We would always tag along with the big kids. Now that I think about that and the precious memories, we were probably the ones that you would want to pay a nickle to get rid of us. The Johnson family was very close friends to my family. I am so sorry for your loss and will lift all of you up in my prayers.*
