“ I remember the many calls I had with my great-grandma, whether they were thanks for a birthday card or just a check in. She was always so happy to hear a call from me and I always felt bad when we had to hang up. I remember the last call we had where she said "make sure to remember me". I will, grandma, and the prayers will keep coming too.

“ Every year on my kids birthdays my dad would give my kids two hugs. One from him and one from great grandma Dolores. Now I know this year will be no different but the second one will be a little tighter. We love and miss you grandma. Dana Simpson

“ I Love you Mom. I know that your wretched body was left on earth and your soul was lifted up to Heaven and you're in the arms of our Lord and surrounded by so many family members. You are no longer in pain. We will be together one day again. Until then, we will miss you on earth.

*Had the privilege of renting to Dolores prior to her transition to St. Otto's. What a kind person she was. I know she enjoyed the clocks, dolls, and visitors to her home. Her mind was strong but her body couldn't hold up. Sorry for your loss.
