“ I really got to know Doris when she moved back to Minnesota, she was always so sweet to me and we really enjoyed seeing each other. She loved having her family around her and it was always fun to be with her.

“ Doris had a contagious smile and passion for life. I cherish memories of playing rummy cube with her and rolling her hair on Fridays. I will always remember the blue glass along her window in Burnsville. I remember one of her neighbors would come over and Doris would help her with her eyedrops because her hands were so crippled she couldn't do it herself. Now I'm working in that building, and one of her old neighbors is my client. if I bump into anybody or her name comes up everybody always remembers the yummy soup she used to make and share! I know these last few months have been pretty rough. I'm glad I got to see her one more time. I'm glad she's not in any more pain. God bless the family. I'm so sorry for your loss because I know it is a big one she was a beautiful woman. Thank you for sharing her with me! Please rest in the LORD now Doris. ❤️😞🙏
