“ *The Haviland's were our next door neighbors when we lived on 8th street in little falls. We only lived there for 5 or so years but in that time my parents became good friends with Art and Evelyn. I remember getting my first boat ride with them, learning how to twirl baton from Joyce and in later years wondering how Evelyn could walk so gracefully in those high heels. She always stayed true to being a friend to my Mother . My deepest sympathy - With love Nancy Selinski*
