“ I worked with Slim @ UBC for years. I loved the stories and sharing a few beers with him after work. He has a great heart. I always remember him saying "It takes more muscles to frown then to smile", and another one was "His feet smell and his nose runs". He was a joy to work with and will be deeply missed.

“ I worked with Jim at UBC for 17 years, he was a mentor and adviser at the same time. He would love to prove me wrong when consulting on house plans. He always had the right answer for everything, all you had to do was ask him. He loved talking about the lumber industry back in his earlier career, when they had to use horses and wagons to deliver lumber and coal. Maybe not quite that far back, but it was fun to visit with him.  
Sievek family, cherish the memories, and the good times as a family. As our pastor from church would say-it's not good bye-but see you later.  
God's Blessings to you as you celebrate Jim's life.
