“ I always remember getting to go to stay at your house in Northfield so I could play with my female cousins. It was such a nice break from all my brothers. I will always remember her beautiful smile and great laugh. It was very unique. There isn't a day that I don't think about mom and dad and all of the grandparents and family because there is always a fond memory hanging around in the daily things we do in our lives. Thank God for memories! Our prayers are with you as you celebrate your mom's life and the happiness she brought to others. Every time I look at a quilt on my bed I think of Aunt Jean and mom. Not too many do quilting like that anymore. May God grant you all peace and comfort as you deal with these sad times. Love Nancy Gentry (Marian Sevcik's daughter)

“ You were the coolest aunt in all the land--now God has you in his land. God's land just became a better place. I will never forget how you helped me in my AZ years and helped me understand life. People always wanted to be around your positive energy and I so appreciated everything you did for my mom. It comforting to know you guys are having fun in heaven today but WOW its incredible how much you will be missed. Love you Aunt Jean. And to all her kids and extended family, my family sends the deepest sympathy and prayers. Sue Miller (Marian's daughter!)

“ I'll miss you my friend. I guess we'll have to finish our game of Phase 10 in heaven...save me a spot at the table next to you.

*You became an unexpected blessing to me--my visiting you was intended to support my friend & your daughter while she & her golf-loving hubby traveled to a warmer climate for a few weeks last winter.*

*She knew you were in good care at Highland, but she loved you so very much & wanted you to feel special & looked after in a personal way when she couldn't be there in person. So, she introduced us & I planned to visit you every other week...to see what, if anything you needed or I could help with.*

*Funny, I anticipated the first visit to be awkward & short, yet, after 2 1/2 hrs it was hard to leave!*

*Your affection for your family was obvious. So was your example of grace & loveliness that is not real common in our society today.*

*You were a very special lady. I enjoyed you & I will miss you.*
