After retiring from Mille Lacs Kathio State Park, he started raising finches and canaries. He joined bird clubs where he made many friends. Jerry became well-known for his quality birds and earned several ribbons and honors in shows around the country. Jerry was also dedicated to his "outside birds," constantly tending to the feeding stations around his yard. Jerry was especially proud of his granddaughters' accomplishments and took great joy in his great-grandsons. Family events were his favorite, and his children and family are comforted by all the memories of his well-lived life.

“ *I went through boot camp with Jerry in the summer of 1957(I had top bunk and he had lower bunk in the barracks). I remember him as a big old teddy bear. I remember his old ford woody station wagon. After boot camp we went our separate ways but I will always remember him. My condolences to you family.*

“ *I loved visiting with your Dad when he worked at Karhio State Park. He was hands down the best at grooming the trails. Such a gentle man, he will be missed. My deepest sympathies to your family.*
