“ A wonderful lady , taken all to soon. Kathy had a heart of gold. Her love for people was amazing. If there was a season there was a reason for craft of decoration. Thoughts and prayers sent to the family. May the lord wrap his arms around you with comfort during this time . May memories hold you close till you meet again.

“ Many years ago in 1996 when my sis and I were going to be parting ways and moving to different states she gave me this poem – I now am giving it back to her in a little different form.

*For My Sister
A Friend for always*

Having you, as my sister has been very important my whole life through, and I want you to know that I will always be thinking of you because you have always meant so much to me.

Times then changed..... And so did we, but I am so happy that the special closeness We saw each other at our worst, as well as our best, yet we always remained so very close. Throughout childhood, we shared everything, our laughter, our secrets, our problems and our fears.

When we grew older we shared so much more our dreams, our thoughts, our hurts, our break ups and our feelings.

I have always been thankful God gave me a sister like you, for the love, care and warmth you have showed me over the years. It was so reassuring to have a sister like you who was always there for me. Thoughts of you and our many memories together will always bring warmth to my heart and smiles through my tears.

Thanks you for a being a loving sister, and a friend, my whole life through. I will be sad without you until we meet again but I am thankful to know you are no longer suffering and hurting. I take comfort in knowing you are with our Lord, Mommy, Daddy and many of our other family! Have a rejoicing time reuniting with all of them!

I love you my precious sister!

Angels on your shoulders!!
