“ *Very sad to lose such a great friend. So many great memories. Cruising around in our muscle cars. Playing great music together in the Wildebeest band. He was always so fun to be around and taught me about what was cool and also how to better a better guitar player. Such a great guy. Rest in peace Mike. (Steve Schraut)*

I got the duty driving the cutlass 350 from up north back to the cities the day of the Rage Against the Machine show. It was fun to drive, but the accelerator cable broke, and lacking a wire or string, I started doing neutral drops to stay driving. It was a misfortunate uninformed decision. The transmission gave out, and myself Nate and Dan? didn't make it to the show. They came and got us later when the show was over. Mike wasn't happy, but never blamed me terribly either. I think I gave him some tribute towards the cost of the transmission, but last I heard it was out of commission up north. I don't know what eventually happened to it. Is this it?!?

“ Thinking of the Hartmann family during this difficult time. Mike had such a great sense of humor and was full of interesting conversations. He would help me out with little things like installing a light fixture or putting something together. RIP Mike!
