“ I remember when I was young, I would go to my Aunt's house and hang out with my cousin, Josh. We use to have a lot of fun. Rose Ann had her left ear pierced all the way to the cartlidge, I thought it was so cool, so when I was 16 I started piercing my ears and I was slowly working on my left ear. Unfortuneatly, everytime I tried to pierce my cartlidge it infected...so my left ear has 3 holes and right ear has 2. I really wanted to look like her, but it didn't work out for me. I will miss my Aunt, she was a really cool person. Love, Amanda
