“ I remember meeting at Roy and Gen's house early in the morning and having coffee before going out to get a pig for a pig roast or just to put in the freezer. Always a friend. Going to miss Him.

“ Gen and Family,
We are still in the state of shock about Roy's illness and passing. I can still see him at the Botanical Garden's Module event with his big bag of Carmel Corn helping the little kids push the button on Jerry's Carnival to make the train run. He will always be missed by the club for all his help, effort & input. We looked forward for the return of the Majeski's to Arizona each year and the sharing of their train lives. Our deepest sympathy Gen.....

Although I didn't get to know Roy since I was a new member in the ABTO, I remember him offering his services to be a part of the Bylaws Committee for which I was the chairman. Please accept mine and my wife's condolences and know that you are in our prayers.

“ Dear Family:
I just wanted to send my deepest sympathy to you all. I know most
of you, for I worked at Larry's Groc. for many years and played
basketball with Pam. Many of you went to school with my sibblings.
I pray that you may know that Roy is now dancing in heaven and
awaits the day that he will see you all again! To God be the glory
and praise that you were blessed to have Roy for that moment of
time and the opportunity to dance someday again with him! My
prayers are with you all!
