“ *So sorry for your loss. It is hard to loose your parents so close together. Your Mom was part of our quilting group and also helped with other events. She was always friendly and kind. She will be missed.*

“ We are so sorry to hear this news today. As a kid, my brothers and me would get together with your father at our place or his and had many great memories of our times together. That followed through to our years in school with your father and mother. Then your dad and I lived together in St Cloud before your mom and dad married. Many happy memories of two of the nicest people we have known. Marv & Carolyn Swedal (Class of 1960)
