“ *Where do I start...LOL! How about the beginning, the 1st time I met you, you should up at Jons door early in the morning with a beer in hand. Long story short, I came out of the bedroom to find you sitting on the living room floor playing Barbies w/my then 4yr daughter whom you just met 5 minutes prior, You won me over at that very moment when we met. Your a one of a kind that is forsure. You always made me laugh by just being you. It is our lose that you have earned your wings so early. Jon will hold on to your apron for you. 😊 God Bless and prayers sent to Troy's entire Family. My heart is heavy for you all.*

“ Uncle Troy. I will always remember and cherish how you just made me feel loved. We gave you a lot of grief over the years (always with lots of love behind it) and you loved us kids anyway...wish the boys would have met you. Funny how life goes by so fast and you wish for time once you can't get it back. I'll be sure to tell them the funny stories and let them know how much you loved your crazy family. Thank you for always thinking of me on my birthday...I'll miss getting those messages from you. I'll just miss you. Love you, Lori Beth
