“ Steve, Tim and Families,

We were so sorry to hear of Vada's passing. We have such great memories of her visits to Algona. She was always so caring, and interested in what was going on with our family. So enjoyable to be around. It was always a fun get-together at the Berhow reunions in Thompson also. We especially were grateful in her recent visits with Faye now that she is in the Alzheimers Unit at a local nursing home. She was very faithful in her visits, and we know Faye loved to see her!!

You have our deepest sympathy. You are all in our thoughts and prayers.
