“ *Some memories of life before you went on your journey and some empty broken hearted days after you passed of our handsome boys and me. I paint a smile on my face and I look okay on the outside but in my heart and inside I'm broken and lost. I miss you so much I get a lump in my throat just thinking about it. My eyes fill with burning water. Wesley what am I to do? I'm in a hole i can't seem to get out of. I wish I could talk to you. You always made things better even if it was just you listening to me vent. You said all the right things. You were so perfect. I wish you were here always but ESPECIALLY to see the milestones of our boys. It's been 7 months. 7 long terrible months. Please help me get up and out of this hole. I love you always and forever Wesley Eugene! Always and forever in my heart.. until we meet again.*

“ 5 1/2 months have gone by and life is still so empty and sad since you left that day! I miss you so much it hurts. Your kids and I don't let a day go by without talking about you or bringing a memory of you up. I'll never know what could of been but I know it would of been so warm and fuzzy. You made my days better. I never knew how much I could miss a person until now. Until we meet again my love. Love Always your babe Savannah Lee!
